DESCRIPTION

Mana Track Light is a high-end track light with professional optic design. It adopts COB light source, special deep reflector design achieves anti-glare effect. Beside, module design provides an easily replacement with different optic part. (Two different optic part optional: reflector + tempered glass with circle lighting spot, reflector + special PC lens with oval lighting spot.) Compact appearance with small & big power, it can be rotated horizontally 358 degree, vertically 180 degree. Besides, it is a big power track light design, which meets a high brightness demand.
