## DESCRIPTION

Designed to illuminate avenues, walkways, pathways, gardens and parks without glaring, it is available with two types of emission: 360 ° or 180 °. The item has the classic design of a bollard light, available with little differences in the top shape to satisfy the details lovers. The light source is an LED high efficiency system, which ensures high performances while saving energy. All the items have features like easy installation, very low maintenance needs and full safety for electrical systems and people.
