## DESCRIPTION

The Guita LED garden spike lights are timeless in design and fit into any outdoor environment. LED spikes are LEDlights that are placed in the ground with the fixture above the ground. This is fully visible and can be tilted, so that the direction of the light beam can be adjusted. The led spike lights can insert in the ground mounted, so you can use them as outdoor spotlights for the yard, highlighting trees, pathways, and other features with their bright LED illumination, or use them as garage lights, wall lights.
